mourning. Rahu was in Kanya in transit, in the lagna and Saturn in Makar was aspecting the 7th house of dwadashamsha. Rahu/Ketu axis was on the 4th lord of the birth horoscope while Saturn was aspecting the 4th lord, Mars in Meena.

Father (1853-1942)

His father, a high ranking officer in Bengal Nagpur Railways, was posted to Gorakhpur when Yogananda was born, the 4th child, among eight brothers and sisters. In dwadashamsha the 9th lord is in the 12 house. Bhagbati Charan Ghosh, the father of Yogananda, spent sometime with Guru, Lahiri Mahashaya in his Varanasi ashram. It was typical Bengali habit till recently to say that a life without a Guru was a wasted life. In earlier centuries, it was not easy for a householder to get spiritually initiated, as great yogis and swamis did not visit cities. Ardent spiritual seekers had to go to far off places, to even the Himalayas in search of a guru, as Yogananda himself did many times, unsuccessfully.

In the case of Bhagbati Charan, there was a divine manifestation when his Guru appeared before him. Cases of such cosmic manifestations are mentioned in Hindu scriptures, in the lives of Shankaracharya, Ramanuja and so many great spiritual figures of India. It may have been in the last century that gurus started to visit cities to initiate householders who thirsted for spiritual life but could not have gone wandering in search of gurus, leaving their families. It seems to have happened more in Bengal which is why Bengal has so many books on saints and gurus of the last 150 years, now also compiled in a 12 volume collection called, "Bharater Sadhak" (the sadhaks or saints of India), which is read widely with keen appreciation.

The high position Bhagbati Charan held, the excellent houses he lived in and a life of dignity is well shown by Jupiter and Mercury of the of Yogananda. He died in 1942, in the sub-period of Rahu in the major period of Rahu in the 9th house of father in the birth horoscope and, in the lagna in dwadashamsha. In the beginning of 1942, Saturn was in Mesha with Mars, the 9th house from the birth lagna of

Suppression of Birth Data - 2

Once in writing an article for the Astrological Magazine I made a reference to the horoscope of late M. G. Ramchandran, a former chief minister of Tamilnadu, with Kumbha lagna and Dr. Raman immediately had the decency to pass on to me the correct birth details of MGR with Kanya lagna as given here.

Why did in the sixties, more particularly the seventies of the last century, the Astrological Magazine carry the wrong (Kumbha lagna) horoscope with a different date and planetary position of MGR by different writers and how and why did Dr. Raman allow it and mislead his readers? I never asked him this uneasy question and he never discussed it but he had the decency to pass on the correct horoscope to me which I had later passed on to late R. Santhanam.

REMEMBER THIS INCIDENT AND LET ME NOT COMMENT ON THIS FURTHER.

In the heart of my hearts, I could never excuse Dr. Raman and the Astrological Magazine for such disinformation. Similarly, the Astrological Magazine carried for more than five years the horoscope of Rajiv Gandhi with Kanya lagna and both Dr. Raman and his daughter Gayatri discussed it lending it some sort of authenticity. In 1991, the lagna was suddenly changed to Simha without any explanation!
